WELCOME FROM HR GLOBAL CONSULTANCY :

HR Global Consultancy is considered as one of the specialized companies in the recruitment, services and out sourcing in Kuwait and the GCC due to the competition amongst the specialized companies to produce best products and the offer services, which would make the development of the recruitment amongst its priorities. On the other hand, highly qualified, experience and specialized labor seek to join institutions of a clear vision and promising future.

Therefore, it has important to find a successful intermediary able to match qualified people to the positions they seek and participate in carrying part of the Company's responsibilities allowing it to concentrate on developing its productive works and achieve its goals.

WHY HR GLOBAL ...?

HR Global Consultancy has wide experience in the labor market and its needs; therefore, HR Global Consultancy is you're first and foremost choice and the best source to provide your organization with the best personnel: either from the local or foreign market according to your need.

CORPORATE PHILOSOPHY

Since the foundation of the company, an essential ingredient in our overall philosophy has been our continuous effort striving for excellence. A crucial element has been to establish trust and authenticity amongst our clients and companies that make up our database. Our motto has been to show equal concern for the welfare of our personnel, as well as for providing the client with the best possible services.

COMPLETE RECRUITMENT CONSULTANCY SERVICES

The complete recruitment consultancy service complements our Data Bank Search. It is based on the standard recruitment advertising and selection approach.

As a standard before we proceed with the recruitment project we familiarize ourselves with your organization and its needs. After agreeing and understanding the requirement, HR Global Consultancy will design and advertise in the media and approach the associate offices, and thereafter the response is scrutinized and short listed as per the company's satisfaction.

HIGH EFFICIENCY

At HR Global Consultancy, efficiency works at all times. Your enquiry is immediately matched with our global computerized data-bank, spanning five continents and several time zones. Our telecommunication facilities and professional staff ensure the best solution for you in the shortest possible time.

MANPOWER SERVICES

Our strength lies in our cost effectiveness and fast track project execution as we have compiled a vast computerized Data Bank. All personnel's are initially interviewed and tested, all technicians are also trade tested in their particular field. Our Database consists of the entire gamut of Human Resources extending from unskilled labours, skilled artisans, technicians, administrative staff, and senior professionals. The areas we specialize in are oil/ gas (onshore/ offshore,) Construction, Engineering, Marine, Hospitality, Health Care, Computers (hardware/ software). The fact that we have a network of offices in India & other countries enables us to obtain personnel's from specific areas across India.

QUALITY SERVICES

We provide the qualified management team according to the work needs and requirements.

We do the searching (through the affiliated companies, using the company's wide database, web search, and advertising in the local and international newspapers & head hunting) segregate candidates per their experience and educational category and arrange for interviews.

We hold responsibility for the legal & personal liability proves unqualified for the job during the probation period.
